1492 Marker Cards

The Bulletin 1492 Marker Cards offer a convenient method for providing a standard-size frame around an array of markers. This broad assortment includes labels for terminal blocks (both Allen-Bradley and competitors), wire and cables, and a variety of industrial equipment.

FEATURES AND BENEFITS

- Project description area on every marker card
- One standard-size frame for all markers
- Markers are easily removable from the frame
- Compatible with many Allen-Bradley products, including the following:
  - IEC Terminal Blocks
  - Fuse Holder
  - IEC Contactors
  - NEMA Terminal Blocks
  - General-purpose and Industrial Relays
  - Motor Protectors
  - PanelConnect™ Modules
  - Electric Overloads
  - IEC Push Buttons

Offering

- Blank marker tags
- Preprinted markers
- Custom printed markers

Snap-in Individual Markers

1492 Custom and Preprinted Markers

Rockwell Automation introduces the new line of Bulletin 1492 Preprinted Markers in a wide variety of standardized layouts to meet your circuit identification needs.

PRINT INFORMATION

Preprinted Markers are printed on the ClearMark™ printer which uses advanced ink jet technology.

Preprinted: The typical font used is Arial 9 point except when using smaller markers.

Custom-printed: Create a customized ClearTools™ file that can be printed by Rockwell Automation.

FEATURES AND BENEFITS

- Made-to-order custom marked cards
- Large assortment available
- Excellent print quality
- Defined by catalog numbers
- Compatible with the following
- Allen-Bradley products:
  - IEC Terminal Blocks
  - IEC Contactors
  - General-purpose and Industrial Relays
  - Motor Protection Circuit Breakers
  - PanelConnect™ Modules
- Circuit Breakers
- Helps eliminate the burden of printing standardized markers

C	Custom**

** To order custom-printed marker cards, follow these steps:

1. Download the ClearTools™ software from the Allen-Bradley terminal block home page.

2. Create your custom marker card using the printer software and save the file to your computer.

3. Place an order for the custom markers on SAP by adding the letter "C" to the end of the marker cat. no. (Example: If the custom marker that was created in Step 2 is Cat. No. 1492-M6X12, an order will be placed in SAP with the new Cat. No. 1492-M6X12C).

4. Email the custom marker file to RAMilwCustomMarkers@ra.rockwell.com.

Include the following items:
• Allen-Bradley order number (in the subject of the email)
• Quantity (the number of needed copies of the file)
• Company information (with a contact name and phone number)
• ClearTools data file (attached to the email)

Preprinted and Custom-printed markers are packaged in quantities of 5

* You may not select a printing sequence quantity that exceeds the number of markers per card (e.g., you cannot choose option 1-100 on marker MH5x15 because that card only has 96 markers).

c
Printing Selection

Straight Fill Printing

Option 1-End will start at 1 and continue printing sequential numbers until the end of the card is reached.

1-End	Sequential printing to end of card
L	Continuous printing "L" on card
L1	Continuous printing "L1" on card
L2	Continuous printing "L2" on card
L3	Continuous printing "L3" on card
U	Continuous printing "U" on card
V	Continuous printing "V" on card
W	Continuous printing "W" on card

Repeat Sequence Printing

All options in this section will print the defined sequence in a repeating fashion until all tags are filled. (Example - Option 1-100 with a marker selection of M5x10 will print 1…100 and 1…44.)*

1-10 -or- 11-20 -or- 21-30 -or- … -or- 491-500	Block of 10 sequential numbering. Blocks of 10 within a range from 1…500.
1-20 -or- 21-40 -or- 41-60 -or- … -or- 481-500	Block of 20 sequential numbering. Blocks of 20 within a range from 1…500.
1-50 -or- 51-100 -or- 101-150 -or- … -or- 451-500	Block of 50 sequential numbering. Blocks of 50 within a range from 1…500.
1-100 -or- 101-200 -or- … -or- 401-500	Block of 100 sequential numbering. Blocks of 100 within a range from 1…500.

d
Single Sequence Printing

All options in this section will print the defined sequence 1 time only and will leave the rest of the marker tags blank. (Example - Option 1-100S with a marker selection of M5x10 will print 1-100 and leave 44 blank markers).*

1-10S -or- 11-20S -or- 21-30S -or- … -or- 491-500S	Block of 10 sequential numbering. Blocks of 10 within a range from 1…500.
1-20S -or- 21-40S -or- … -or- 481-500S	Block of 20 sequential numbering. Blocks of 20 within a range from 1…500.
1-50S -or- 51-100S -or- … -or- 451-500S	Block of 50 sequential numbering. Blocks of 50 within a range from 1…500.
1-100S -or- 101-200S -or- … -or- 401-500S	Block of 100 sequential numbering. Blocks of 100 within a range from 1…500.
