

46DFA Fiber Optic Amplifier

[46DFA-L2LBT1-A2](#)

Representative Rendering, Not The Actual Product

46DFA Fiber Optic Amplifier, 2.2 mm Small Aperture, Visible Red LED, Selectable Light or Dark Operate, Selectable PNP or NPN, Push Button, Depends on the Fiber Optic Cable, 2m Cable, Selectable Response Time, 12...24V DC, Yes

Product Details

Photoelectric Sensor Data	
Amplifier Aperture Sensor Size	2.2 mm Small Aperture
Light Source	Visible Red LED
Output Mode	Selectable Light or Dark Operate
Output Type	Selectable PNP or NPN
Response Time	Selectable Response Time
Sensitivity Adjustment	Push Button
Sensing Range	Depends on the Fiber Optic Cable
Connection Types	2m Cable
Operating Voltage	12...24V DC
IO-Link Enabled	Yes
